## Highlights from Modernism Week in Palm Springs

Modernism Week in Palm Springs

*Desert X*, the contemporary art exhibition space in the Coachella Valley, will announce the line-up of alfresco art installations early next year. However, if you're headed to the desert in the meantime, visit Hotel Paseo in Palm Desert. It has its own art gallery, along with inspiring local works peppering the hallways and public areas, such as the *Welcome to Southern California* painting by artist Tom Swimm, and a custom, hand-blown chandelier from master glassblower Jesus Garcia, leading to a custom airstream by the pool that you can book to sleep in.
